## Market-leading software solutions for UK businesses

IRIS Accounting & Business Solutions is synonymous with market-leading finance and business management software solutions and exceptional customer support, helping organisations throughout the UK transform the way they do business.

With over 30 years' experience, more than 50,000 users, revenues over £22million and an industry leading customer retention rate of 96%, it's no wonder we're home to many of the industry's top awards, including 'Software Provider of the Year' at the prestigious FDs' Excellence Awards – having won more times than any other provider.

## An exciting future

2012 saw the introduction of more breakthrough innovations than ever before, and 2013 is set to be no exception as we join Advanced Computer Software Group (Advanced) – one of the largest software vendors in the UK with £195million turnover, 1,900 staff and 20,000 customers.

## The transition to Advanced marks a truly exciting new era for our customers

With an award-winning portfolio of highly-scalable business solutions – including Business Intelligence, Financial Accounting, Procurement, Supply Chain Management and Mobile Data & Tracking software – the move to Advanced is the perfect fit and provides our customers with even greater opportunities than ever before.

The change will enable us to work even closer with our valued customers to deliver more innovative product developments and added value, providing you with even more tools to improve efficiency and performance across your business.

## Delivering what matters to you most

As we continue to grow from strength to strength, this move ensures we can remain totally committed to servicing our customer needs and can continue, as always, to invest in both our products and services to support your business every step of the way.

Under our new name, Advanced Business Solutions, we will continue to offer our unique combination of quality, service and dedication to our customers and commitment to investing in the continual development of our award-winning range of innovative products, including:

- Exchequer financial & accounting software
- Siclops & Service Director field service software
- SharpOwl professional services automation software
